Our aim is that 7U2 students will have the following 'live' lessons and should be on-line and ready to start at the usual time for that lesson (unless you have been contacted by your teacher to adjust the time).

These live lessons are in place to allow students the opportunity to get feedback on work they have already completed and direction from their teacher on work they are due to complete before their next live lesson.

Now face to face teaching has been cancelled and will be for some time, we want to provide you with the opportunity of a 'Microsoft Teams live lesson' with your teacher. These live lessons will allow you to ask questions you may have and will help support your learning. It is also an opportunity to see a familiar face outside of home. Please make every effort to 'attend'.

We are all in this together and we want you to succeed.

Stay safe and keep well.
