Dear Parents / Carers

Once again, Southchurch High School and the Student Leadership Team will be supporting the homeless this coming winter and trying our best to make those who are less fortunate than ourselves a little more comfortable during the very cold winter months and of course at Christmas.

We would be very grateful if you can you send any clean, warm clothes of which you are no longer in need. Please ask family, friends, work colleagues and neighbours too as this will enable us to spread the message across our wider community. We would appreciate receiving mainly adult sizes for both men and women, however all donations will be gratefully accepted.

In addition to the clothing, we are also collecting jars, packets and tins of food with a long shelf life, which we will then distribute to the various homeless charities and shelters in the local area.

Please ask your child to bring your donations to Main Office. Should you have a lot of items to donate, you are welcome to deliver them to our Reception area.

Thank you in advance for your kind assistance.

Yours faithfully

Mrs T Plucknett
Student Leadership Team Leader and PE Teacher
