Dear Parent/Carer

RE: Covid-19 Lateral Flow Test Results

As you are aware, the Government announced that all schools will be using a Lateral Flow Test (LFT) to test students for Covid-19 on their return to school from Monday 08 March 2021.

In line with this, all students for which we have received consent, will be tested when they return on their allocated Year group day next week.

When they are tested, they will receive a Registration Card with a barcode attached. In order for you to receive your child's results, you will have to follow the instructions in Step 2 on the Registration Card to register the barcode. If you wish to create an account before your child is tested, you can do so by going to website: gov.uk/enter-lateral-flow-test. All tests, including those that are taken at home in the future will have to be registered in this way. The test site code for the school is SHSG, which you will need to use when recording results.

You will also need to report your child's home test result to the school using email testing@southchurchschool.com. The details required are the Students Name, Year Group, date of test and the result.

The school will only be notifying students who have a positive test result and they will be sent home with a home test kit, in line with the Government guidelines.

I trust this information is of assistance to you.

Yours sincerely

Mr S Reynolds
Headteacher
