Here you'll be able to see what our students have been up to across the year as they take part in the range of Careers activities on offer within our Careers Program.

Business College Taster Day

Our year 11 GCSE Business Class spent the day at South Essex College to experience what it would be like going on to study Business at College. They were given a tour of the campus and took part in a series of workshops which focused on the different subjects that make up the business course.

Our Students said that they found the Taster Day helpful and that it gave them a better understanding on what it would be like to study business at college.
