

AFA/ts

12 February, 2024

Dear Parents/Carers

Our attention remains focused on how we can help support Year 11 students with their GCSE examinations this summer and following a parental consultation, where parents/carers requested lists of topics for each subject that students need to revise, we have asked subject areas to supply these to you as soon as the mock examinations have been marked and moderated.

The first of these is the mathematics Question Level Analysis (QLA) which accompanies this letter. The QLA is a Personalised Learning Checklist (PLC) specific to your child where anything highlighted amber was partially understood and anything highlighted red requires particular focus from students.

We shall also be issuing a Revision Guidance pack which contains a variety of different revision strategies, Do's and Don'ts for revision, up-to-date website links for each subject, how to manage stress and much more.

Please could you support your child by looking over these PLCs, as soon as possible, at home together with the Revision Guidance pack, in order to assist with alleviating some of the exam stress that starts to build leading up to the summer exams in May and June.

The next set of PLCs to be published will be:

History (Medicine examination): later this week.

Science and English will be issued during the week commencing 26 February; other option subjects will then follow.

If you have any further questions, please feel free to contact me at afarmer@southchurchschool.com, ensuring the title of your email is marked 'Year 11 Revision'.

Thank you for your support in this matter.

Yours faithfully

Mr A Farmer
